

NEBRASKA COALITION
TO END SEXUAL AND DOMESTIC VIOLENCE

Infusion Fund

Support to Survivors in Nebraska

The Infusion Fund provides direct service assistance for survivors across Nebraska, covering all areas of our state, from rural to urban. The Fund provides the opportunity to pay for needed services in a variety of situations, which may include the following:

- The current need of the survivor is not covered through grant sources.
- Grant sources that would normally fund the need are exhausted.
- The expressed need is of a unique nature, requiring a special solution.

The Nebraska Coalition accepts requests for funding support from community agencies that provide assistance to survivors. The agency does not need to be within the direct membership of the Nebraska Coalition.
